

# EPITAPH®

- High quality, wet processed durum wheat pasta pellet using Ferric Field Technology formulation
- Very palatable to slugs
- Uniform pellet size, with virtually no dust, and a consistent spread pattern
- High baiting point density

**SLUXX<sup>HP</sup>**

**EPITAPH**

	Epitaph			SluXXHP
Dose rate	7 kg	5 kg	4 kg	5 kg
Approx. number of pellets/m <sup>2</sup>	94	67	53	42

### Epitaph maintains efficacy in wet conditions.

The same patented formulation as SluXXHP, containing the EDDS chelating agent which maintains efficacy in both wet and dry conditions.

### Epitaph remains palatable for longer.

100% durum wheat flour, slow baked to maintain integrity combined with an anti-mould agent, ensure that slugs continue to feed on the pellets for many days following application.

### Epitaph has more baiting points than alternative ferric products.

Being a smaller pellet Epitaph offers significantly more baiting points for a given rate. Slugs are random feeders so getting more pellets between the slug and the crop can be useful.

<b>Crops</b>	All edible and non-edible crops		
<b>Max Individual Dose</b>	7 kg/ha		
<b>Max Total Dose</b>	28 kg/ha		
<b>No. of Applications</b>	4	<b>MAPP no.</b>	19412
<b>Pack</b>	16 kg pack size		

USE PLANT PROTECTION PRODUCTS SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.
