#### General information

If medical advice is needed, have product container or label at hand.

#### After inhalation

Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

#### After skin contact

Take off immediately all contaminated clothing. If the clothing sticks to the skin: first rinse the clothing and skin with plenty of water and only then take them off. Wash with plenty of water and soap for at least 15 minutes. If possible, wear protective gloves when administering first aid. Avoid contact with contaminated clothing and shoes. Immediately call a POISON CENTER or doctor/physician. Wash contaminated clothing before reuse. If possible, wear protective gloves when administering first aid. Avoid contact with contaminated clothing and shoes when administering first aid. Avoid contact with contaminated clothing and shoes.

#### After eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Rinse AWAY from the unaffected eye. Immediately call a POISON CENTER or doctor/physician.

#### After ingestion

Rinse mouth. Do NOT induce vomiting. If possible, wear protective gloves when administering first aid. Avoid direct contact with contaminated clothing, shoes and vomit. Immediately call the emergency number 112
